

The background of the entire page is a photograph of the Tak Sun Secondary School building. The building is a multi-story structure with a modern architectural style, featuring a mix of white, grey, and teal colors. A prominent teal section on the left side of the building displays the school's crest and name in English. In the foreground, a lower, yellowish-beige building has the school's name in Chinese characters. The sky is clear and blue, and there are some palm trees and a street sign visible in the lower right corner.

# **1. School Vision & Mission**

## **1.1 Our Vision**

Tak Sun Secondary School is founded on Catholic Christian values with an aim to offer a whole person education to students. Our holistic educational approach encompasses the intellectual, moral, aesthetic, physical, social and spiritual components.

The school envisions students who are trained in life-long learning. To accomplish this, the school, the parents, and the teachers consider it of utmost importance to train its students to be men of character, building their lives on a platform of values and virtues. These men of character will be characterised by clarity of thought and direction (prudence), steadfast will (fortitude), self-mastery (temperance), a selfless desire to serve the common good of society (justice), cultivated in an atmosphere of optimism and joy.

The school vision calls for greater involvement of parents in the education of their children, a vision we share with other schools of the same inspiration all over the globe. We envision a partnership where the parents also grow and become better parents through parent education.

## **1.2 Our Mission**

Inspired by Catholic Christian ideals, we provide a demanding, balanced formation to our students so that they accomplish their full potential, as well as grow to be upright and responsible men, developing all their talents in a spirit of service to others. We strive to strengthen and unite the family, enabling parents to exercise their duties as primary educators of their children, with the school and the community as their active partners.

## **2. Our School**

### **2.1 Spirit and Philosophy of Education**

The spirit of our school (and the other Tak Sun schools) is drawn from the life and teachings of Saint Josemaría Escrivá, a priest and founder of Opus Dei ([www.opusdei.org](http://www.opusdei.org)), a personal Prelature of the Catholic Church, that helps ordinary lay people seek holiness in and through their everyday activities, especially in work well done.

In the school, this means giving students an all-round formation by working closely with the parents, whom Saint Josemaría Escrivá ([www.escrivaworks.org](http://www.escrivaworks.org)) said are the primary educators of their children. He also encouraged the development of a tutorial system through which a student acquires human virtues; especially initiative that balances freedom with responsibility.

### **2.2 School Management**

Our school implemented school-based management in 2001 when the School Management Committee (SMC) was established. The SMC is composed of four school managers appointed by the sponsoring body, the Supervisor and the Principal. In June 2007, the school set up the Incorporated Management Committee (IMC) so that different stakeholders can participate in the school management.

The main body responsible for the operations of the school is the Executive Office (EO), which is comprised of the Supervisor, the Principal, the Assistant Vice-Principal (Junior Secondary), the Assistant Vice-Principal (Senior Secondary), the Assistant Vice-Principal (Administration), the Director of Curriculum Development (representing the Academic Formation Council), the Director of Adaptation Formation Level (representing the Student Formation Council), the School Chaplain and the Executive Secretary.

The EO is assisted by the Academic Formation Council (AFC), Student Formation Council (SFC) and the Administration Committee (ADC). The AFC, which formulating the policies regarding academic issues of the school, is made up of the Principal, the Director of Curriculum Development and the subject stream masters. The SFC, which formulating the policies regarding student formation issues of the school, is made up of the Principal, the Director of Adaptation Formation Level, the Heads of the Junior and Senior Secondary Sections, the Co-Curricular Activities Master, the Guidance and Disciplinary Affairs Master and the representatives from the Moral, Pastoral and Spiritual Affairs Committee and the Civic Education Committee.

## 6. Major Concerns (Achievements and Reflection)

### 6.1 To provide a Quality Education that strengthens students' academic performance and character formation

#### *Achievements*

- The school-based EMI (English as Medium of Instruction) policy was implemented and students received a full immersion in an English environment. All the morning announcements, prayers, school assemblies, and the annual speech day were totally conducted in English. Students were motivated to use English through different co-curricular activities on campus outside the classroom such as English-speaking ambassadors, lunch broadcast and English week and so on.
- Teaching Chinese Language in Putonghua was implemented in selected classes in junior forms.
- Effective Grouping was implemented in Form 1 and Form 2 Mathematics to cater for the learning diversity.
- Contemporary Studies (CS) and History Studies were developed and implemented as school-based curricula in Personal, Social and Humanities Education key learning area in junior secondary.
- Project learning skills development was incorporated into the Form 3 CS curriculum with the professional support from the Hong Kong Institution of Education (HKIEd).
- Individual subject reports were issued to indicate students' strengths and weaknesses in performance from Form 1 to Form 4.
- Bridging programmes for Form 1 students were held in May and again in August to facilitate students' transition from primary school to secondary school education.
- The first year of New Senior Secondary (NSS) Curriculum was implemented and reviewed. A NSS corner was set up in the school homepage to facilitate communication with parents.
- Five student and teacher book sharing sessions were conducted to promote reading in school. Also, one book sharing session from guests were done during the assemblies. Two book exhibitions were also done to encourage students to read. Three different magazines with contributions from students in English, Chinese and Mathematics subjects were published to encourage students to apply what they learn from reading in writing.
- The "One-Student-One Sport & Art" (OSOSA) programme and 5 Uniform Groups, was continued for all junior secondary students.
- All Secondary One students were required to join one of the Uniform Groups, including Scouts, Air Cadets, Sea Cadets, St. John Ambulance Brigade and Red Cross, and they received training on leadership, teamwork, self discipline and service.
- The virtue programme focusing on "Li" was launched through Principal's talks, professional sharing and tutoring.
- 4 sessions of Operation Respect (Don't Laugh at me) were held during the Class Tutor Period so that students could learn the virtue of respect and "Li".
- Student charitable act was demonstrated in the Community Charity Day with around

\$44,000 donation, Caritas Bazaar with HK\$16,547 and the Blood Donation Day with 45 participants.

- All Form 1 and Form 2 students participated in the Adolescent Health Programme (AHP) organized by the Health Department.
- Holy Masses were conducted twice a week and First Friday Masses were conducted monthly with good student participation.
- Catechism classes were conducted during lunch time to support students' learning in Catholic faith.
- All student leaders attended in-house leadership training courses including a day camp and two overnight camps.
- Visits to universities and the Institute of Vocational Education were carried out for Form 4 and Form 5 students in order to prepare them for further studies.
- University Firm visits were carried out for Form 6 students.

### ***Reflection***

- The use of English in an EMI School, though quite good already, still has room for improvement. English Language across curriculum policy will be formulated and implemented.
- May need to fine tune the policy of OSOSA music, sports and uniform groups requirements for junior secondary students so that a more balanced education can be provided.
- Better coordination should be considered among OSOSA music, sports and uniform groups training such as venues and time especially in Co-Curricular Friday.

## 6.2 To enhance teachers' professionalism for the delivery of a Quality Education

### ***Achievements***

- Student-centered teaching was further established by implementing effective grouping in Mathematics.
- The CS Panel joined the Project Learning Training Programme organized by the HKIEd preparing the students for Independent Enquiry Study in the Liberal Studies curriculum in the NSS curriculum. A set of teacher's reference material was published by the HKIEd afterwards.
- The Chinese Subject Stream joined the School based supporting service provided by the Education Bureau.
- There were two days of Staff Meetings before the school year starts and three days of Staff Development Days during the school year.
- There were two days and four afternoons of training sessions for new teachers.
- The tutoring tools and the system complemented by a student information system are available in the School intranet system.
- There was a review for tutoring programme from the Guidance and Tutoring Committee. The result of which would provide direction for the same programme in the next year.
- Virtue Programme Guides were published and given to all teachers for tutoring and student formation.

### ***Reflection***

- The new teacher mentoring programme could be strengthened to cater for the needs of new teachers.
- The school-based language proficiency policies on EMI (English as the Medium of Instruction) and PMI (Putonghua as the Medium of Instruction) should be reviewed.
- Some improvements of tutoring should be done including frequency and effectiveness of the chats. Further review of the tutoring has to be done.
- More collaboration between subjects could be established.
- There can be more outside services to train teachers on current educational issue.

### **6.3 To enable parents as the primary educators of their children in partnership with the school for the achievement of a Quality Education**

#### ***Achievements***

- Two parent education programmes were held during the academic year in order to help parents to understand their roles in the education of their sons. The programmes provided were Basic Parenting Seminar for parents of students in Form 1, and Effective Parenting Workshop for parents of students in other forms.
- Two Parents Forums were held in different Formation Levels in order to facilitate the parents' understanding of the school curriculum and the latest education reform. For the Form 3 parents, there was a separate session on 'NSS Curriculum Reform' to help parents and students to choose subjects under the NSS curriculum.
- The Principal and Directors of the four Formation Levels represented school in the regular Parent-Teacher Association (PTA) meetings held monthly so that parents could be informed with the latest school development. Similarly, school could also have better understanding of the expectation from parents.
- Tak Sun Family Fun Day was successfully held with the full support by the PTA.
- Parents' Day was held in each quarter so that parents were informed about their sons' progress in school especially in academic and personal formation.
- Work Place Experience Sharing and Resume writing were organized by parents to all Form 5 students so that our students have a better understanding of the career market.

#### ***Reflection***

- The involvement of parents is very important in education of students. Without the support and understandings of the parents, we could not have achieved what we had done so far.
- Parents are a good resource in helping school's activities and career related activities e.g. Tak Sun Family Fun Day.
